CHILDREN'S DAY,--Saturday, December 8

We have received the following letter from Santa Claus;

North Pole, November 25th, 1917

MsDERMID DRUG CO., LIMITED.

Santa Claus' Headquarters, Lacombe.
Dear Sirs—I am leaving here tonight, and all being well will be with you Saturday afternoon, December 8. I will travel with my trusty reindeer until I reach good roads, then make the balance of the trip by automobile. I have so much ground to cover that I will have to travel day and night, but tell all the good boys and girls to be there to meet me, and I will not disappoint them. Remember me to my old friends Barney Halpin and Jimmy Puffer.
Yours sincerely, SANTA CLAUS.

THE RAILWAY HAS REACHED BENTLEY

Thursday last was a red letter day in the history of Bentley, as the steel of the Electric Railway was then laid into the village and a steam locomotive and cars were first seen in the valley. Men are laying three tracks opposite the Putland & Thorpe stores, where the station, freight sheds, yards, elevator and cattle yards will be located. Two cars of hay have already been shipped out. Mr. Kerr expects a car of coal, and Putland & Thorpe a car of flour, salt and coal to arrive in a few days, so not much time has been lost in utilizing the railroad for which we have been waiting for so long.

Mr. F. W. Thorp left Friday for his old home in England, owing to the death of his father. His many friends wish him safe journey and a speedy return to our midst.

After five weeks of perfect fall weather, winter came suddenly upon us, the thermometer registering below the zero mark. The long spell of good weather enabled everyone to get their threshing done and to prepare for winter.

Mr. Brownlow reports that Gull Lake was still open December 1st. None of the old timers remember it being open at such a late date before.

The local canvassers for the Victory Loan have met with good success, about \$12,000 being subscribed in this district. Reports of the Mock Parliament will appear next week.

Golden Wedding

There occurred on Monday of last week, at the home of Mr. and Mrs. A. Young, Rainy Creek District, an incident of more than passing interest. The event was the celebrating of the Golden Wedding of the most worthy couple, who for the past thirteen years have been residents of the district. They were married at Minneapolis, Minn., on Nov. 25, 1887, and lived many years in the "States," but are both natives of Canada. Mr. Young having been born near Sarnia, and his wife, who was Miss Lorenda Shaw, was born at Hatfield, Quebec, Nov. 1, 1838. At the age of 13 she went with her parents to Minnesota, and taught in the rural schools of that state for some years. When about 22 years of age, Mr. Young left Ontario, and after lumbering in Michigan and Wisconsin for a couple of years, went to Minnesota and in 1870 he and his wife settled

on a homestead in Stevens Co., that state, which for the next 22 years was their home. In 1892 they removed to Ashland, Wis. where they resided for 12 years.

Of the family of four children born to this couple, one only is now living, Miss Jeany, who formerly taught school, but now remains at home caring for her parents and ministering to their wants. Frank, the youngest son heard the call of his country, and enlisted in the Spanish American War forces. Through exposure he contracted tuberculosis, and in a short time after his discharge, passed to the Great Beyond. Nellie, the youngest daughter, who was a kindergarten teacher in the Minnesota schools died about 3 years after her brother. The remaining son, Archie, taught school for a number of years. He was a graduate of the Theological College of Bangor, Me., and of Ripon College, Wis. His health failing he went to Colorado, where it was hoped he would recuperate and join his parents in their Alberta home, but it was not to be, and he passed away at Denver soon after their arrival here. Through all the fifty years of sunshine and shadow, in which they stood side by side, their's has been an exemplary Christian home, and the influences for good reaching out from that home have been many, both to old and young.

There were about forty of the older people, who helped them to honor the occasion. After a sumptuous dinner was served at which Mrs. Young helped to set the table which was covered with golden icing. Mrs. Heenan, a one time resident of this district, presented Mr. and Mrs. Young with some good pieces, tokens from the community of the esteem in which they are held. Mr. Young replied in a fitting speech. Space will not permit us to write more, but we hope to see this estimable couple spared many more years.

Good for the whole family

A good cough remedy is one that can be depended upon to cure coughs. Not one that cures some particular cough, but one in general.

While the causes of all coughs are primarily the same, yet the condition of the patient is what makes the difference in the nature of the cough itself. Coughs of healthy persons are easier to cure than the coughs of invalids. The more powerful convulsive cough of a big man is harder to cure than the cough of a baby. If you get a remedy that will cure a big man's cough and yet not be too powerful for the baby, you have a good cough remedy.

Chamberlain's Cough Remedy

is just this kind of remedy. It is good for any member of the family. It relieves coughs of all kinds. It is composed of things which cure easily and soothingly without harming the delicate tissues of the throat, and is the ideal remedy for coughs, colds, croup, influenza and whooping cough.

WHY THE WESTERN GLOBE SUPPORTS THE UNIONISTS

Some of the Laurier supporters are a little sore at the stand the Western Globe is taking in this election, and we think an explanation may be due to them.

The writer is supporting the Union government because the Union government is going to send reinforcements to our dear ones who are offering up their lives in France in defence of Christianity and Humanity. Our eldest son is fighting among Canada's bravest against the Hun, and should we by word or deed cast an obstacle in the way of the Union Government's plan to send him help, we would consider ourselves a veritable Judas, and would be ashamed to look honest men in the face. Should we oppose the Union Government, and our son was killed, we would consider ourselves his murderer, and when the remnants of our troops come home, instead of getting out and welcoming them with open arms, we would hate our head in shame. And we would have good reason to do so. What do we care whether or not the government conscripts wealth or cuts down the cost of bacon? Money can be recovered and the price of bacon does not affect anyone very much, but the life of our boy once lost cannot be recovered. What do we care whether the government regulates the profits of the manufacturers, when the life of our boys are in jeopardy? None of us who have dear ones on the battle fields would let money take the place of his life.

There is only one issue in this

election. The Union government is going to send help to our boys. The Laurier and Quebec bunch say they will not send the needed help. The question parents have to decide is whether they prefer their dear ones to be left to their fate and have Canada dominated by Quebec, or give Canada into the hands of the men who are pledged to send assistance.

We believe that every parent who is not utterly blinded by party prejudice will give a solid support to the Union Government.

We are not supporting Dr. Clark—we are supporting the government for which he stands.

Punish Us, Perhaps; Right Will Prevail!

They threaten to punish the Western Globe, do the Laurierites. They will stop their subscriptions. They will start an opposition paper if they can.

We can not help it. In this election we have one issue before our eyes and mind. The one essential thing is that reinforcements be sent over to our boys who are fighting our battles and giving up their young lives without complaint. That is all we are striving for and our only object in life. Let charges of graft wait until our boys' lives are safe. We thank God that we are not so blinded by party that we cannot support Liberal like Dr. Clark, when Dr.

RHEUMATISM WAS MOST SEVERE

Dreadful Pains All The Time Until He Took "FRUIT-A-LIVES"

MR. LAMPSON
Verona, Ont., Nov. 14th, 1915.
"I suffered for a number of years with Rheumatism and severe Pains in Side and Back, from strains and heavy lifting."

When I had given up hope of ever being well again, a friend recommended "Fruit-a-lives" to me and after using the first box I felt so much better that I continued to take them, and now I am enjoying the best of health, thanks to your remedy."

W. M. LAMPSON.
If you—who are reading this—have any Kidney or Bladder Trouble, or suffer with Rheumatism or Pain In The Back or Stomach Trouble—give "Fruit-a-lives" a fair trial. This wonderful fruit medicine will do you a world of good, as it cures when everything else fails. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

Clark stands for our principles on the greatest question that has ever come before the Canadian people. We may oppose Dr. Clark in another election, but cannot in the election pending. He has shown himself to be British to the core.

We are sorry to offend anyone unnecessarily but at this time in the greatest crisis the world has ever seen, we feel that we must take a positive stand, knowing that the future will prove that we are right.

We have our own son to defend, and we will not be a party to letting a bunch of Quebec partisans murder him with our consent.

Would We be human if we did. The question is are we in favor of helping our dear ones in Flanders? Would we take Flavell and every dollar in Canada for our boys' lives? We would not.

Why try to beguile the issue in this election? Let the scoundrels wait until peace is declared.

Why shout that Flavell made millions out of pork and trading with the war department.

Laurier is trying to throw the people of Canada off the track by bringing up alleged scandals. He is determined that help will not be sent to our gallant sons in France.

We owe a duty to our dear ones. We will fulfill it on December 17.

Union Government Fully Protecting Needed Farmers

There has been a great deal of unnecessary feeling caused in some localities over the decisions of the local exemption boards. These tribunals are composed of two men, one appointed by the Union Government and the other by Laurier, while the military have a representative who acts for them. Accordingly it is unfair to hold the government responsible for what is too great severity or too great leniency has been shown.

The Union Government provides means of appeal, and has itself made appeals from the decisions of over-zealous members of exemption boards.

The Laurier campaign workers who are stimulating the resentment caused by the tribunals and adding fuel to the fire, are playing what is nothing less than a dirty and dishonorable game.

Farmers and farm laborers who are actually needed in production, and will continue at farming will be exempted, and this fact should be made known to all interested at once. The Military Service Act is very clear on this, and the Union Government has made the following clear statement:

"If there are any farmers sons actually needed on the farms for production, who were conscripted they will be discharged from the forces, provided they actually go back and work on the farm."

Can anything be plainer than this statement?

"The President of the Military Service Council says:

"Men who are habitually engaged in the growth of agricultural products, and whose labor cannot be diverted from that occupation without substantially diminishing the necessary supply are, in view of the military council, entitled to exemptions so long as they continue to be usefully employed in farming."

This statement also leaves no doubt of the intention of the Mil-

itary Service Act.

Yet some more evidence. O. M. Biggar, K.C., Edmonton, a Liberal of high standing, is a member of the Military Council, which advises the Minister of Justice in the enforcement of the Act, authorized the following statement last Monday.

"Many decisions of Tribunals throughout Alberta have been brought to my attention where the specific instructions of the Military Service Act have been ignored. I refer to the case of farmers, more especially. It is of primary importance that today, by reason of the food situation, the maintenance of food should be sustained. It is most important at this stage of the war. The exemption tribunals were told this originally, but in many cases instructions have been ignored, and by over-zealous friends of the act have actually hurt, not aided its administration."

The Western Globe would ask farmers, and farm workers, who consider that an injustice has been done in their case to at once place their case before the proper authorities, when we are sure every consideration will be given them. Applicants should include in the applications all evidence bearing on the case, and write immediately to J. M. Carson, Registrar Military District, 13, Calgary, State your case fully, and if it is shown that the services of the man are required for actual food production, exemption will be granted.

The Western Globe would also state that it is prepared to assist any farmer in making out his application if our services will be of any help, and place same before the proper authorities. Come in any time, and give full particulars. Canada must have reinforcements for the troops at the front, but the government does not intend to cripple the food production of the West.

Premier Borden Guarantees That Necessary Men Will Be Left on the Farms

In refutation of the oft repeated statement that he had given a labor delegation a pledge not to enforce conscription, Premier Borden, at London, Ont. read a portion of a letter he sent to J. C. Watters, James Simpson and R. A. Riggs, M.P.P., on December 27th, 1916, in which he said:—"You have asked for an assurance that under no circumstances will conscription be undertaken or carried out. As I stated to you at our interview, I must decline to give any such assurance. I hope that conscription may not be necessary, but if it should prove the most effective method to preserve the existence of the state and of the institutions and liberties which we enjoy I should consider it necessary, and I should not hesitate to act accordingly."

"Difficulties have arisen," he declared. "Certain tribunals have dealt harshly with men entitled to exemption under the purpose of Parliament. If a man can give better service at home he ought to be kept at home. I am satisfied that Canada will send forward the 100,000 men in detachments of 20,000, all out of the class already called out and without disturbance of the national interest. Every man unjustly treated by any tribunal has the right of appeal, and even if the three days allowed for appeal have gone by he may take his case to the Minister of Justice. It will be brought before the appeal court of the province, and if necessary before the Supreme Appeal Judge, Mr. Justice Duff."

"The government will also act in the community, district or province where exemptions have been granted indiscriminately, and by wholesale. The Union Government will see that the Military Service Act is administered justly, considerately, impartially and fairly."

"If we proceed as rapidly as

possible with the enforcement of the Military Service Act," he continued, we will barely be able to supply to the Canadian army corps the re-inforcements that are needed by April 1st next. Of what good would it be to the men at the front when they were going over the top to tell them that Canada in May next they were holding a referendum?

"We do not see the end in this war more clearly than we did 3 years ago, but I hope and trust that our spirit, our resolve to win is as strong now as it was then."

1918 MODL McLaughlin Valve-in-Head FIVE PASSENGER TOURING CAR E-FOUR 35

The easy-riding qualities and ample leg room of this McLaughlin four-cylinder touring model makes it a car of unusual merit. It meets with the approval of those who have use for a full-powered, economical and well-proportioned light touring car. This model is an improvement on model D-Four-35. A sloping windshield and many minor improvements make it more beautiful in appearance and more efficient than ever.

Expert engineering, the best of material and skilled labor have produced in this McLaughlin model a medium-weight car at a medium price—a car of the pleasing stream-line body type, well and comfortably upholstered.

While this car is moderate in its price it is really a big car and very similar in appearance to the other McLaughlin models. It has a style and finish that immediately puts it in a class with the automobiles one is proud to own.

McLAUGHLIN CARS stay sold. The fact that there is very rarely a used McLaughlin on the market indicates public recognition of their value.

URGENT NEED OF REINFORCEMENTS

Ottawa, Nov. 25.—Major General Newburn has given out the following statement in regard to the demand for infantry re-inforcements:

Owing to misuse of figures by various speakers and others, and the confusion resulting in the public mind therefrom, it is considered desirable to make a definite official statement as to the present available re-inforcements overseas.

"The present urgent need is for infantry re-inforcements, and the question should not be belocuded by consideration of the number of men available in other necessary arms and branches.

"There are no more than 35,000 troops in England and France available for infantry re-inforcements. This number is made up as follows:

"Immediately available for infantry re-inforcements, 22,000.

"Available by April, 1918 (now in training or convalescing) estimated at 13,000.

"Total infantry re-inforcement, 35,000."

Says Canadians Will Not Be First

Sir Wilfrid Laurier is candidate for Ottawa city. Le Droit is one of the papers supporting the Leader in the city. Just read the statement from that paper and think it over for a minute.

"Will the Canadians be the first to turn their backs on the German? Assuredly not, because the English have more than once taken to their heels in the face of the enemy as they did at Mons, at Charleroi and at Ypres, and what about the sad expedition at Gallipoli?"

A political cartoon by J. J. Moore. It depicts a large, muscular hand emerging from a dark, textured background. The hand is holding a hammer. On the back of the hand, the words "EVERYBODY", "CONSERVATIVE", "LIBERAL", and "INDEPENDENT" are written in a curved path, following the contours of the hand. The hammer's head is inscribed with the word "VICTORY". The handle of the hammer, which is wrapped in a rope-like texture, is inscribed with the word "UNION". The cartoon is signed "J. J. MOORE" in the lower right corner.

J. Irvine of Edmonton has taken over the Lacombe bakery, and has stocked a full line of fruits, confectionary, soft drinks, cigars, etc. Bread and pastry is his specialty. Mr. Irvine has had charge of some of the largest establishments in Alberta, and comes to Lacombe highly recommended.

News was received in Lacombe on Monday Morning, that Chas. White, of Ponoka, formerly in charge of the Government Telephone Exchange here, had been found dead on the road a few miles out of Ponoka. He left Ponoka early Monday morning in his car to look for trouble on the wires, and was found about eight miles from that town, dead in his car, which was stopped, although the engine was still running. Heart failure was the cause of his death. The funeral will take place this afternoon at Ponoka, his body being shipped east to his old home in Maine.

OLD MAIDS CONVENTION

The Old maids convention, given by the ladies of St. Cyprian's Church assisted by other local talent, on Friday night last, drew crowded house, and all present were well satisfied with the entertainment. The Japanese drills, children's dances, etc., were well presented, and the Old Maids Convention was a most laughable farce from start to finish. All taking part were well up in their assignment and every item passed off without hitch. The Tableau "Rule Britannia" was very prettily staged. In the course of the evening, many beautiful songs were rendered, special mention being due Mrs. Garland, Misses Nellie and Leila Titsworth, Miss Flo Cameron, Misses Florence Cannon and Marjorie Halpin, Miss Winnie Winter, Jack Halpin and others. Barney Halpin's "Lost Cord," was also amusing. The Music was provided by Miss Lila Boardman and Miss Helen McLeur. Dr. McLeur (Mr. Frank Young) made a splendid professor, and his work in transforming the Old Maids into sweet young girls brought down the house.

The ladies wish to thank all who in any way assisted in making the entertainment a success.

THE CITY CAFÉ

The City Café has been purchased by Y. H. Fong & Co., and all accounts owed Lim Sing must be sent in before December 24th. Y. H. FONG & Co.

KILLED IN ACTION

Word was received this week that two more of Lacombe's boys, Murray Gibson and Roger Dixon, had made the supreme sacrifice on the Flanders battlefield. Both men were well and favorably known here, and their sorrowing relatives have the heartfelt sympathy of all our citizens.

All Necessary Farm
Help to be Exempted

On Saturday Dr. Clark wired department of Justice with reference to the exemption of farmers' sons and hired help, although these men have been taken on by the local tribunals. The following statement was received from the Department of Justice on Tuesday:

"Dr. M. Clark. Yours to Prime Minister of first inst received. Certainly Government

does not intend that farmers required on the land shall be drafted for military service, and must provide effectually for that. An Order-in-Council was passed today that where a person engaged in farming has applied for exemption, and such exemption has been refused, the Minister of Militia and defence, if he is of the opinion that the services of such person are essential for promoting agricultural production, may by order under his hand, discharge

such person from military service. (Signed) E. L. Newcombe, Deputy Minister of Justice. Ottawa, Dec. 4, 1917."

Any farmer who has been drafted will at once send in to the Minister of Justice his claim. If the Western Globe can be of any assistance in making out applications, our services are at the farmers' command. Come in any time, if you think our services of any help.

NEEDED FARMERS SHOULD
APPEAL

The Government is now assured that the one hundred thousand men required for reinforcing the Canadian troops can easily be secured from the first draft without crippling farm production which at the present time is one of the world's greatest needs, and has sent to military representatives the following notice:

"Owing to the urgent need of maintaining production of food stuffs, bona fide farmers and necessary hired help should be left on the farms. Any claims of those men allowed by the tribunals shall not be appealed, and any appeals already made re-

such men MUST be cancelled AT ONCE by notifying the registrar that appeal is dropped."

The intention of the Military Act was to not in any way disturb farm production, and it can easily be seen from the above that the Union Government is going to see that the provisions of the act are carefully enforced.

Any farmer's son or hired help actually needed on the farm, will be exempted on application to the authorities, if evidence is produced. Personal appearance is not necessary in these appeals. State fully in the appeal the reasons you wish your son or hired help exempted, and address letter to J. M. Carson, Registrar Military District No 13, Calgary, when it will receive full consideration. State acreage farmed, number of cattle, horses, hogs, etc.

A FALSE ALARM

The Laurierites are circulating the statement broadcast throughout the land that it is the intention of the Union Government to call up another class of recruits for the army, and that the young married men will soon be asked to report. While The Western Globe knew that this statement was without the slightest foundation, and that it was being circulated with the intent of making votes for the Quebec bunch, we also know that many believe the statement.

In order to set the minds of the interested ones at rest, the Western Globe on Saturday telegraphed the Department of Justice, Ottawa, as follows: "Report being circulated that first married class will be called up. Is

there any foundation for the statement?"

The reply received on Monday will set at rest any doubts on the matter. It is as follows:

"Ottawa, Dec. 1, 1917. The Western Globe, Lacombe. No foundation to report that married class will be called up. Government satisfied that 100,000 will be raised from first class."

As half a million is all the Government agreed to furnish for the war, and this hundred thousand of the first class will make up the half million, there will be no second call for men in Canada, and the country will now make special efforts in the direction of food production.

Do not let Laurier-Bourassa-Quebec stampede Canada. Let Real Canadians rule.

CENTRE VALLEY

The Centre Valley Women's Club is serving dinner at the home of Mrs. C. H. Whitworth, on Friday, December 7th, promptly at 12 o'clock. Adults 25c, children 15c., proceeds to go to the Red Cross. We are making an effort to supply our share of comforts for the boys at the front, so come and help us.

Another bag of finished work has been sent to the Edmonton branch, containing 5 service shirts, 5 suits pyjamas, 48 pillow slips, 60 handkerchiefs, 30 personal property bags, 5 many-tailed handbags and 4 pairs of socks. The regular meeting will be at the home of Mrs. Clarence Osborne

A POWERFUL PHOTO DRAMA
OF THE LAST FRONTIER

The wonderfully vivid and picturesque Alaskan romances of Rex Beach have been read by hundreds of thousands of people, and have made him one of the most popular American authors. His strongest and most widely read story is "The Barrier," which is now produced in film form. The picture closely follows the swift action and striking situations of the book and is a faithful portrayal of the wild, rough lawless life of California and Alaska in the days when these lands were the haven of hunted men and the last frontiers of civilization.

The Barrier has been secured for Lacombe, and will be shown at the Comet theatre on Dec. 11 and 12, Tuesday and Wednesday

next. This is without exception the auspicious of the various U.F.A.s of the district, was held at Winter's barn, Lacombe, on Saturday afternoon last, and was most successful. The weather was cold, and as a result of this, the attendance was not as large as expected, but despite everything the proceeds ran over the thousand dollar mark. One gentleman brought \$100.50, which is a pretty good price, even for Lacombe poultry. C. F. Danron was the auctioneer, and conducted the sale in a very able manner. He donated his services to the cause and the thanks of those interested are tendered him. Anyone who could not get in on Saturday, will please donate at some future time. Mr. Jesse Fraser is forwarding a cheque for the proceeds of the sale to the proper authorities.

RED CROSS NIGHT AT THE
REX

On Thursday evening, Red Cross night at the Rex, there will be another celebrated Bluebird production one of the best yet, and you should be there. Mrs. Graham will have charge of the music as usual. The Rex program are getting better every week, and the crowded houses show that the efforts of the management are appreciated.
